

Thank all of you for your contribution and participation in the 90th anniversary meeting of the Society of Biotechnology of Japan (SBJ) at Kobe. There were a total of 2,100 participants attending public, symposium, and international sessions during the 3 days meeting. We believe that the meeting was a great success and exceeded everyone's expectations.

We appreciate your continued support for SBJ, and are looking forward to seeing you again in Hiroshima in 2013.
