

Date	June 26-30, 2016
Venue	Awaji Yumebutai International Conference Center The Westin Awaji Island
Theme	Design, Synthesis and System Integration for Metabolic Engineering
URL	http://www.aiche.org/sbe/conferences/metabolic-engineering-conference/2016
Topics	<ul style="list-style-type: none">• Metabolic Engineering for Fuels and Chemicals• Molecular Parts and Metabolic Engineering• Synthetic Biology and Metabolic Engineering• Computational Tools and Methods for Metabolic Engineering• Metabolic Engineering for Chemicals and Materials• Metabolic Engineering of Industrial Microorganisms• Omics Science and Metabolic Engineering• Metabolic Engineering for Cell Culture and Medical Applications• Industrial Applications of Metabolic Engineering• Metabolic Engineering: Methods and Application
