

Call for Nominations :
2022 Young Asian Biotechnologist Prize and DaSilva Award | 1

The Society of Biotechnology, Japan (SBJ) invites nominations for the Young Asian Biotechnologist Prize and the DaSilva Award for 2022. These awards are granted yearly to honor young scientists in Asia (other than Japan).

The Young Asian Biotechnologist Prize stimulates research and honors outstanding accomplishments in the field of biotechnology, and the DaSilva Award honors a young researcher who shows promise of outstanding achievements in the field of microbial biotechnology.

Nominations must be received by **March 11 (Fri), 2022.**

<Eligibility Criteria>

- **Young Asian Biotechnologist Prize**
- **DaSilva Award**
